Raising Heart Exelon

I'm Isis Igret.

I was born to a family that has physical tendencies, with a Spartan education.

Looks like I've gotten thinner... but I might have gotten more muscles...

My dream is to become the owner of a fashion brand.

Well, it's due to all that exercise day in day out...

I was a firm believer that pretty clothes and accessories are tied to the dreams of girls.

Lough at
me if you
will-

Good
morn-
ing.

Moreover, I've
been working at
the bottom of
the civil ladder
for at least two
and a half
months.

Morning!

Even so...
well.

Touma! Lily!
You up?!

The much-awaited second
arc of the newest series of
"Magical Girl Lyrical
Nanoha" is finally seeing a
proper start!

Of course.
They started
with good
stats
already.

They're doing
good at the
mock battles,
aren't they?

They've finally made it
to the entrance. The
real training starts
now.

Touma! Lily! We're
leaving!

ROGER!

It also looks like
Lily's been
getting a lot of
posters from
Ruin too.

What're
saying is long
away today

You said are
trying hard!
You'll be able
to beat the
0.002s
between
Captain Sagram
and I in no
time!

Oh, right!
What's about
that, we've managed
to beat the
0.002s and
achieve the
sub-0.001s
again yesterday!

We're
meeting
the
0.002s
now!

Is that
so?

I was relieved
to know that
the Reactor
Plugs were
unexpectedly
similar to the
Bakken
Fusion.

Thanks to
that, we
were able
to get a
lot of
data.

The
comparisons
of the Master
with the Knight,
or the Reactor
with the Driver
is the same,
but.

I think you've
already met
her at a
scene. Do you
remember?

Captain
Sagram, and
Agita.

The persons
we are
meeting
today is also
a Master and
Knight in the
Section.

Now, this is another scheduled daily meeting.

Let's see... They have not made any noticeable moves since the attack predicted by Hardis Vandeln.

but being able to have such a peaceful meeting like this kind of gives me the creeps.

and I've led to believe they're in a period of inactivity, exactly as they did before.

We have not been able to grasp the Hecchebain's movements since then.

There has not been any events related to the "Mage Killers",

Hi-ya- How've
you been doing,
Tosma, Lily?

When I
was
wasn't
there...

Fletty?

I wonder if the fletty
is with you too?
'We're currently
moving for a job!

By the way, I
haven't
received a
response yet,
but have you
thought
about it?

Our Ai is pretty
worked up over her
She may just show
up to meet her some
time!

I'm not telling you to join us, or
bring information from over there.

Gees...

There are also
people I want
to introduce
to Uiy.

Our relatives are
going to gather,
so I'd thought
it'll be a good
chance to get
along with
fellow Drivers

HEY, STELLA!
I'M FILMING
RIGHT NOW!

Big sis, it's
dine for
food!

We don't need
the guardians,
so come along,
kids!

Well .. if you ignore this for too long, we may do some kidnapping... so we're awaiting your response!

Ciao,
Touma!

I should send this message along to the male branch too...

How trouble-some.

It really seems like a message you'd make to friends and relatives..

Someone with evil intentions will always approach you with a smile.

Touma, Lily. There is something you need to know.

Under-
stood!

Make sure you don't develop affection, or closeness... okay

This has clearly become a solatation.

It'll be good if Toume does not feel any more affections towards them.

His sense of morality is a bit unique... it seems as he feels outside from some gratitudes.

Of course, we'll all be open to debate, right?

I know that well. It's just that I do owe them for giving me a helping hand.

I wonder if permission would be granted.

Understood. This isn't surveillance, it's protection and security!

I'm used to it from doing it at my family.

I see.

Please continue monitoring your friends. I know it's a tough job...

We cannot ignore their
kidnap claims either.
We must make a
decision on our
actions.

They do think of
Toome as essential
after all.

Heh?
That
voice...

Since you've
only met
her once in
a life or
death
situation.

I'm kind
of
nervous...

Not You
Should Stay In
For Another
Month At
Least!

My bones and
guts are still
inside me. I
can't stay put
any longer in
this situation.

It
won't.

WOULDN'T YOU
WIT RIGHT IN THE
SHINE? WHAT IF
THERE'S AN
AFTER-EFFECT?

Don't
sound so
Plastered.

I TOLD YOU,
YOU
SHOULDN'T!

Ah. You
two?

Relief
Also...

Um...
Scream?
Agito?

Um... Sub-commander Rein commanded us to accompany her to pick you up.

What brings you here today, though?

Is that so?

Sorry for not being able to help you back then... I'm glad that you're alive and energetic.

Well, since she decided to discharge early, we decided to come pick her up...

Wait... "pick up"?

You have a point there... shall we consult a doctor?

Agh...

WAIT, DON'T RUN THIS!

SIGNIFYING STILL...

SIGNIFYING STILL...

I got you.

I'll have Shemel keeping you on a leash when you get back!

You don't!
You're only moving!

See? Told
you I'm fine
to leave.

... I guess
you're right...

You're fine with me
drawing my sword with
Shemel's permission,
right? IF I don't do
something meaningful, my
working spirit will cry.

She looks a
bit more
pleasant than
usual.

Captain
Sigrum sure
is amazing.

That's a
bit...

In reality, I
could not
save the two
of you
either.

The lives and
property lost in
the incident
cannot be brought
back, no matter
how much we
agonise over it.

We're being

Oh, by the way.
You've become

It's 5 on

just give
it your

Why did
we
become
sparring
partners
all of a
sudden?

I have
no idea
either.

wait, wait!
what's with
them?

Something
light
wouldn't
hurt.

Well... it's to
celebrate
the transfer
of your
buses.

How about
you join in
with the
rock battle
too, Wrisa?

Yeah,
really.

I'm glad
Signum's
doing well.

Just kid-
ding! I'll
watch
them until
they're
done!

Ah... you
shouldn't
bother them!

I've
bought
them
some
snacks,
after
all.

Sounds great!
Want to have
a go, Chris?

Ah! Signum

and...

HEY,
WHY DID
YOU

I'm sorry,

other?!

...My
apologies...

Ah, God,
THAT WAS
TERRIBLE!

Great work, the
two of them.

Agito and Isla

Thank
you!

THANK

Let's

I've achieved some

however, for

intense.

I did promise to have a date with her after all.

Just

Um... do

That is

Something

Correct.

If you give us individual names, we will use them as registration for individual units.

Please do.

Really? I'll think out something then!

It means "ID" goes some as, we'll remember it!"

huh?!

Roger

You're our Juniors, Raptora? Make sure you follow your senior's instructions!

Well, I'll get right to exploring the base.

After that, we'll meet the ones in charge.

Okay!

We have seen an improvement in specifications and active time even in the ABC combat mode.

Thank you for the compliment.

Very good. Their movements are more fluent than our last visit.

We have tried to use the same battery, propellant and the terminals for the GRS series as the GRS series and Hammer.

Oh my!

However, it might be a bit too reliable... One of your young ones have been pushed into a corner.

That's reliable

As long as you have the charging lead and cable, you can start sending out missions right away.

More like,
the Cannon

Um... it
breaks, if
possible...

Touma? You
okay?

Six specialty
units for ABC
combat.

So will be taking
in the Raptors
developed by CW
tonight, correct?

Well, you don't have to
answer. I'm not really
here to pry information
anyway.

Well...

Those Raptors will
be stolen.

We found it out
through finding
a group that is
opposing us.

A small combat group that is active in the 1st-3rd worlds.

By the
dreaded
Family.

VERNOVLY?!

It seems like they were infected by the Eclipse recently.

I'm waiting for the family as backup, but they're irresponsible, and usually don't show up on time.

I have things I want to hear from the Grondels.

You alone?

So I'm thinking of putting my feet in during the robbery.

Oh, the flat girl's there too.

SO WHAT? YOU MEAN YOU WANT US TO ASSIST YOU?!

Then... why did you...?

If you helped, it'll just be a liability for us.

Be at ease. We don't expect anything from you.

If the Zero Driver and the Reactor is met with danger, it's bad news for us.

It's an unique experience to fight other Dividers.

I know that as we're fellow "Mage killers", and fight often.

In any case, it's not something we'd tell a government organisation.

You lot do not have that experience - chances are you'll be dead before you could sight your opponents.

So what?
All I'm telling
you is "be
careful when
dealing with the
Grendel family".

But we're
public servants
too. We have
to report this
communica-
tion...

Um... sorry,
Cypha. I'm
glad that you
care for us,

Just
be prepared to
pay the price.

I won't mind if
you come to
arrest me with
your bosses.

That is all.
I'll leave the
decision to
you.

Yeah...

That's where they will pass through.

LOCATION OF SUBJECT CONFIRMED.
THE SUBJECT IS NEAR 19 KING STREET.

TOYAMA! DON'T TELL ME YOU'RE PLANNING ON GOING!

YOUR IDEA OF BEST IS STRANGE! THEY'RE A CRIMINAL ORGANIZATION, SO IF YOU FEEL CLOSENESS OR AFFECTIONS...

SHE SAID NOTHING ABOUT NEEDING YOUR HELP!

She has helped me before too...

I can't say I'm not.

Let's
report it
to the
captain!

I won't
inter-
vieve
you, our
body-
guard.

I won't go
alone. I'm
going to
report what we
saw.

I know.

We are in
the middle
of an
emer-
gency.
Please co-
operate
with us.

Then...?
up for
correct,
the one
currently
on site
is

Oh,
you're
right!

Thank
you. Now
please
go back
to the
main
area.

Good, they had the
nerve to tell me.

Don't say she's
trying to take
advantage. They're
dangerous criminals,
no matter what
private feelings
we've had.

Captain
Signum!
About the
informant...

I think
I'll join
you.
Right...

THINK, THAT
BUT... WE
HESITANT GET IT
AT ALL

THANK YOU
VERY MUCH

Even if the
informant's
information is
correct, that
does not
change our
priorities.

However,
our priority
is to
provide
security for
the trans-
ports.

Yeah. We'll
protect
them!

We're not
going to let the
raptors get
close now that
we all get along.

クリーンエネルギー

現在、魔法世界のほとんどもでは魔力を使った魔法によって発電を行い、人々の暮らしに欠かせない電力を供給している（魔力を直接の動力として使用する文化も存在するが、精密機器などには適用するには劣化が困難であり、現在、人間が住む土地のほとんどには電気が通っている）。魔法がや電力の過剰使用に対する批判もある昨今、「魔力＝電力」を踏えるグリーンエネルギーの開発は開発者達の夢である。

CW-ADX ラプター

カレドグルフ社が「戦闘用の『自立行動型汎用機』として開発した人型機械。戦闘装備として『ソードブレイカー』を両手に装備する他、カレド社製のAEC装置にはすべて完全対応する。魔力結合不可状態をはじめ、過剰な環境下でも活動できるため、様々な状況での運用が可能されている。

慣性制御

カレドグルフ社製のAEC装置は、一般的なデバイスよりも遙かに重い。もとより武装型デバイスや物理装甲を伴う装置は重量が増加したが、AEC装置は機体内部に駆動部とバッテリーを置いているため、さらに重量が増す。このため、大型のAEC装置には慣性コントロールのシステムが搭載されており、上手く扱えばほとんど重さを感じることなく振り回す事もできるが、トーマはその扱いがまだ上手くないようである。

キャロが使用しているのは、フォートレスの「魔」のうち中型のS2シールド(型式CW-A5C00X-S2)。フォートレスユニットを装備していない(キャロは体系的な知識で防衛が困難な)ため、エアリアルマニューバやフォーメーションコンバットなどの使用はできないが、地上での防衛・支援ユニットとして必要十分な能力を維持できる他、変態アビードとの相性も考慮されている。

小石や鉄球でも、狙先でつまめるサイズのものであればどんなものでも撃てるが、打ち出し時に火薬の推進を借りられる事、発射後に安定して飛ばせる事、「どうせ銃弾は弾き多く」事から、マリーヤは銃弾を好んで使用する。

Compared

WELL, WE WERE PRETTY LUCKY
SHE WAS A PHYSICAL BULLET
USER TOO.

They are tied up in strong binds and are being transported to the WolfPram.

We have the Grandel Family's Special Attacker and Sniper here, safely secured!

We should be able to secure the leader and "courier" shortly.

Roger that!

Hahah! Those damn cops haven't given up on us yet?

A-ahh?

WOW, HEAD!
THERE'S A
SINGLE VEHICLE
CHASING US
FROM BEHIND!

BETWEEN
THE HEAVY'S
AND MY
ENERGY,
WE'LL OUT

NOT EVEN
A MISSILE
WILL STOP
US~!

It won't
make it
in time
before I
do it for
peace.

Hahaha!
You think
a shot'll be
effective
from that
range!

Variable
Bullet...

No

HOW~

ROGER

MOVING IN

Now

I see. So
this is the
Anti-EC

It makes my
anti-steel

less effective,

**ARMOR

Planning to

Instead, do a wide area search and pursuit.

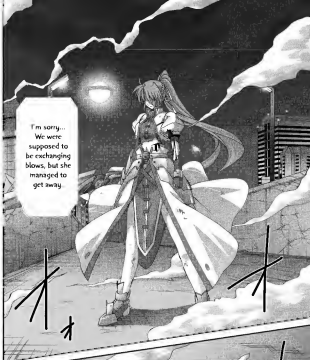

We'll go reinforce them...!

Miss Agto!

No... That won't be necessary.

I'm sorry...
We were

AEC-05X「グラディエーター」

武器特許型の使者に向けた、個人用のAEC機體。
剣と盾、制御ユニットからなる統合機體で、「00X-フォートレス」をはじめ、各種AEC機體とも互換性がある。盾には合金ニードルを内蔵する機構が存在し、射撃にも対応可能。支給された1号機は、シグナムのパーソナルカラー「フレア/パイロット×ライラックホワイト」で彩色されている。

CW-MR212

カレドブル社製のモーターローダー。
AEC機體の技術を取り込んだ電力推進車。
都市部での路上高速移動を目的とした機體だが、カレドブル社は社外も含めたMM(モーター・モデル)車庫と連携し、「全約星間向け実用機」の開発も行っている。

AEC-09X-2「オクスタン」

ティアナ用にチューニングされたAEC機體。
使用するカートリッジによって、複合エネルギー弾や合金魔製の矢弾、電子誘導弾など、様々な弾丸を発射可能。
星の扉から機體があった機體ながら、初期管理外世界に流通する「違法機體」として扱われる機體と外観から通常の使者が下りず、結果的に型番も後年にズレこんだ。

ヴァンガード・ドラグーン

キャロとフリード用の機體。
52シールドの後方支援用チューニングであり、支援と防御に特化した性能が保持されている。

Forceも第二部に入って新たな面々も登場、
穴居メンバーの新装備も入庫していつて、
新展開に連れて行きます。

一方なのはさんの方は劇場があつたりなんだりで
いろいろと忙しくしていたり、トーマやリリィ・アイシスも
ゲームやCM、ドラマCDにと出張してくれています。

フックパイノー両や他の番々にも声がつく日が来るといいなと思いつつ
どりあえすはまた6巻にてお会いできますように。

P.S.

私の所に入ってくるF組キャラ人気は、女子ではなぜか
リリィを差し置いてアイシスがトップ、次いでアル。
驚愕の胸差を誇る二人がツートップです。

女子読者の方からはウェイロン出してトーマと絡ませて、が一番多いです。
(あとはフォートレス強化型とかハイマットストライクカノンとか、
メガニックな要望が……黒瀬さんと梓間先生が大変だ!!)
